

PH NEUTRAL AND ENZYME CLEANER CONCENTRATE

- For regular mopping of acid sensitive floors, including natural stone and polished concrete
- Concentrate – use only 50mL in 2/3 bucket of water
- 5 non-ionic and ionic surfactants and 5 enzymes – gentle and effective
- Non-toxic, gentle on people, surfaces and the environment
- Suitable for home or commercial use in machine scrubbers

How To Use

1. For regular cleaning add 50mL / 3 caps of 5+5™ to 2/3 bucket of water (approx. 7 litres)
2. Mop using clean, well rinsed mop
3. Leave it to dry – in low concentrations it should not leave a residue
4. Can be added to water tank of machine scrubber for cleaning of commercial surfaces
5. A higher concentration can be used for heavy duty cleaning, but this may leave a residue which will need to be mopped off with fresh water

Accidents

Spillage - Take up mechanically or with absorbent material such as sand, earth or vermiculite.

Transport

NOT CLASSIFIED AS A DANGEROUS GOOD BY THE CRITERIA OF THE ADG CODE, IMDG OR IATA

Shelf Life and Storage Guidelines

Best within 3 years of manufacture. Store away from direct sunlight. Keep container tightly sealed, in a well-ventilated place, at 2-32 Celsius / 36-90 Fahrenheit.
